Core Competencies: Low-Code Development, Business Process Automation, Workflow Design, CRM Customization, Application Integration, UI Design (Forms, Dashboards, Reports)

Soft Skills: Team Collaboration, Project Leadership, Requirement Analysis, Pre-Sales Support

PROFESSIONAL EXPERIENCE

Associate Software Engineer — Xponential Digital

Jan 2025 – Apr 2025

- Developed and maintained scalable applications using Zoho Creator and Deluge scripting, improving workflow efficiency.
- Implemented end-to-end business process automation and workflow rules in Zoho CRM.
- Conducted pre-sales activities including requirement gathering, solution development, and live application demonstrations.
- Designed and deployed integrations across multiple Zoho applications to ensure seamless data flow.

Software Engineer Intern — Xponential Digital

Aug 2024 – Jan 2025

- Built foundational expertise in Zoho Creator and Zoho CRM through hands-on application development.
- Developed and customized forms, reports, and automated workflows on low-code platforms.
- Collaborated with project teams to implement business logic and deliver client solutions on schedule.

PROJECTS

Business Process Automation Application

2025 – 2026

- Developed a full-featured automation application on Zoho Creator using Deluge scripting.
- Designed intuitive UI components including forms, dashboards, and reports.
- Automated internal business workflows and built integrations with other Zoho applications.

CRM Customization and Automation

- Customized modules, page layouts, and automation workflows in Zoho CRM.
- Built sales dashboards and reports to support pre-sales and business development activities.

Alumni Management Application

- Designed and built a Zoho Creator application to manage alumni records and event coordination.
- Implemented login system, dashboards, and reporting features for administrative use.
